

LegionTuition

What is LegionTuition?

LegionTuition is a new intern incentive program which gives you the opportunity to help us grow, as well as earning some money for school.

What's the Point?

We know college is expensive, so we want to help Interns like you, who come to work everyday to make yourself better.

What \$2,500 can do for YOU

- Save your parents money.
- Study Abroad Programs
- Able to open up a savings account with the the money you were going to spend on tuition.

How it will work

- You refer a potential employee to Legion. Any permanent positions*, any time. Make sure Kyle is aware that YOU are sending the person to us.
- That person goes through the regular interview process.
- If we hire them, you get \$500 on their first day of work! (They show up for work, you get paid – pretty sweet gig!)
- Once they finish their 9th month of work here at Legion, you get another \$500. (This makes sure they stick... we want long-term relationships here.)
